

# Women in Electronics and Computer Hardware are in High Demand and Make \$12-\$25 an hour!

El Camino is a CalWomenTech site—that means female students in Electronics and Computer Hardware can take advantage of many career resources such as:

- Checking out software and pubs that will boost your tech skills through the CalWomenTech Learning Library
- Searching for jobs on the WomenTech E-jobs site
- Reading inspiring role model stories
- Networking with women technicians via WomenTech Talk Yahoo Group
- Finding a mentor through our E-mentoring website

## Electronics and Computer Hardware is a growing career and experienced technicians can make \$25-\$75 per hour!

Register now for El Camino's Electronics program in the Industry and Technology Division. By earning your A.S. degree in Electronics, you'll gain the skills to be an entry level engineering technicians, computer technicians, or electronic technicians. You can also complete an electronics certificate, which gives you the skills to be an entry level computer technician, network technician and help desk technician. Whether you're interested in working in the government, aerospace, or electronics, this program is for you!
